**Know what's below.  
Call before you dig.**

**3 business days  
before you dig,  
call 811.  
It's the law!**

By calling 811 you will request that your  
underground utilities be located and  
marked. Gas, water, sewer, electric, tele-  
phone and cable will be marked. If no gas  
lines are present, your property will be marked with "all clear" flags.

When you dig within 18 inches of a marked utility, use care! Use a shovel and dig carefully.

If you accidentally scrape or gouge our pipe or wire, call us right away. We will repair it for FREE. Our pipe and wire are yellow.

If you hit our pipe, and create a gas leak, no matter how small, call 911 immediately. Even tiny gas leaks can be dangerous.

Instead of calling 811, you may e-mail  
your request at [www.diggershotline.com](http://www.diggershotline.com).  
Remember, call or email 3 business days  
before you dig.

## COMFORT AT HOME. SAVINGS IN YOUR POCKET.

A smart thermostat is a Wi-Fi enabled device that 'learns' your habits to help you manage home heating and cooling costs. It adjusts your HVAC equipment based on your home's unique energy profile and the weather outside. Arriving home earlier than usual? No problem. You can control your smart thermostat from your phone or computer. Smart thermostats are with you wherever you go.

If you're considering new  
heating and cooling  
equipment or replacing your  
existing thermostat, visit  
[focusonenergy.com/smart](http://focusonenergy.com/smart)  
or call **800.762.7077** to learn  
more.

\*Some programs require that a resident must be a customer of a participating natural gas AND electric utility. Find out if your electric utility participates at [focusonenergy.com/utilities](http://focusonenergy.com/utilities).

### BENEFITS:

- 1 Greater home comfort
- 2 Lower energy bills
- 3 Saves up to \$120 annually and typically pays for itself in two years

**\$75**  
rebate with retail purchase  
or  
**\$125**  
with eligible improvements
