We are sending them from a new email address: billing@stcroixgas.net.
Note that this is from a .net address instead of our usual .com address.

Reduce your home's energy
costs summer and winter with a
natural gas water heater

Is your water heater over 15 years old?

The new natural gas water heaters are
faster than ever.

Talk to your plumbing and heating con-
tractor about a new water heater. Natural
gas is the most cost effective choice.

REDUCING ENERGY WASTE ACROSS WISCONSIN

DID YOU KNOW?

Focus on Energy recycles about
95 percent of the materials in
each refrigerator or freezer and
safely disposes of the toxins
and chlorofluorocarbon gases
from foam insulation.

Which electric utility serves your home? This refrigerator and freezer recycling offer from Focus on Energy depends on participation by your electric utility, not your gas utility. We merely provide this information as a service to our customers.
